I will add. The request to the state is scheduled to go out before our meeting, so we can use the time as an opportunity to see if there are any unknown issues that need to be promptly addressed.

Brenda is available to call in during that part of the meeting to give an update.

What you think about adding SMCB NPL listing and letter of support from NMED?

Good morning to all –

Attached is a draft agenda for our meeting with NMED and MMD on October 24. Please let me know if you have any additions, questions, or concerns on items.

As I noted on the agenda, Mark may need to be in the field that week and the GW Investigation might be removed once he finalizes his remedial oversight schedule.

Regards,
Kevin
